

PIXMA PRO-200S

YOUR TRUE COLOURS, PRINTED TO PERFECTION

Focused on vibrant colour photo printing, versatility, and usability, PIXMA PRO-200S is the ideal choice for photo enthusiasts and aspiring photographers.

8-colour dye-based ink system

Borderless A3+ printing

High-speed printing

Wireless connectivity

3-inch LCD monitor

**Compact,
lightweight frame**

Impressive high-quality photographs

With a superior 8-colour dye-based ink system, you're guaranteed exceptional reproduction, richer colours, and vibrant professional printing, every time.

Pick paper that suits you

With versatile media handling and customisable printing sizes, you can enhance your photographs on a variety of paper including fine art, borderless and panoramic.

Quick and easy to use

The built-in 3-inch LCD display lets you check ink levels, perform printer maintenance, and access printer instructions at a glance – for excellent results with ease.

Perfect printing every time

With 3 paper feed options and auto paper skew correction function, you can bid farewell to misalignment and printing fails, no matter what paper you're using.

One seamless process

Canon's user-friendly PPL (Professional Print & Layout) software means you can shoot and send photos with ease from popular photography programs for a one-stop edit-to-print experience.

Weight	Approx. 14.1kg

Footnotes: -

[1] Ink droplets can be placed with a pitch of 1/4800 inch at minimum.

[2] Photo print speed is based on the default setting using ISO/JIS-SCID N2 and does not take into account data processing time on host computer. Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.

[3] Acoustic Noise is measured based on ISO7779 standard with default setting.
